EXECUTIVE ORDER NO. 34, s. 1942
OPERATION OF THE CENTRAL GARAGE

Pursuant to the authority conferred upon me as Head of the Central Administrative Organization by Order No. 1 of the Commander-in-Chief of the Imperial Japanese Forces in the Philippines, and upon the recommendation of the Commissioner of Public Works and Communications, the following-rules and regulations governing the operation of the Central Garage are hereby prescribed:

1. All government cars held or operated by the different bureaus and offices, with the exception of ambulances of hospitals, mail trucks of the Bureau of Communications, motorcycles and such other motor vehicles as may be exempted by the Chairman of the Executive Commission, shall be turned over to the Central Garage for operation in accordance with the provisions of this Order.
2. Hereafter, any government bureau or office desiring motor transportation for official purposes may requisition cars from the Central Garage on rental basis in accordance with such schedule of rates as may from time to time be prescribed by the Commissioner of Public Works and Communications and approved by the Chairman of the Executive Commission.
3. One automobile shall be assigned on monthly rental basis to each department for its office use and that of the bureaus and offices under it and may be kept in a garage of the department concerned or of any bureau or office under it, if by doing so it would be more economical than keeping the car in the Central Garage when not in use: *Provided*, That any government bureau or office whose functions require continuous use of one or more motor vehicles may, in the interest and for the efficiency of the service, make proper representations to the Director of Transportation who shall look into each case and submit appropriate recommendation to the authorities concerned for the permanent assignment thereto of the necessary number of cars on the monthly rental basis: *Provided, further*, That no motor vehicle shall be permanently assigned to any bureau or office on monthly rental basis without the previous authority of the Chairman of the Executive Commission.
4. Except motor vehicles rented on the monthly rental basis as hereinabove provided, cars, trucks, jitneys shall be furnished for use of bureaus and offices on a per-hour or daily rental basis upon request of the bureaus or offices concerned and as necessity therefor arises.
5. The Central Garage shall operate on such appropriation as may be specifically granted for the purpose. In case of deficit in the appropriation due to unforeseen increase in its activities, the deficit shall be covered either from collections made in excess of the estimated income of the Central Garage as shown in the Budget, or from such additional allotments as may be secured for the purpose.
6. It shall be the policy of the Central Garage to operate only small (light) cars in order to minimize its operating expenses and to keep adequately in storage the big cars the operation of which will be costly to the Commission, and thus exercise the strictest economy in its operation.

7. Subject to the approval of the Commissioner of Public Works and Communications, the Director of Transportation shall issue such rules, regulations or instructions as he may deem necessary with a view to a more efficient and economical operation of the Central Garage and to carry out more effectively the provisions of this Order.

PRODUCE FOOD CROPS

WHEREAS, as a consequence of the present emergency, many farms are abandoned and the country is threatened with food shortage;

WHEREAS, the importation of essential food commodities is problematical under the present circumstances ; and

WHEREAS, food crops must be grown in order to avert hunger and forestall famine throughout the land;

NOW, therefore, pursuant to the authority conferred upon me as Head of the Central Administrative Organization by Order No. 1 of the Commander-in-Chief of the Imperial Japanese Forces in the Philippines, and upon the recommendation of the Executive Commission, it is hereby ordered:

1. That a nation-wide campaign for the cultivation of rice, corn, camote, cassava, gabi, cowpeas, soybeans, mongo and other short-time food crops suited to local conditions, be started at once under the joint sponsorship of the Department of the Interior and the Department of Agriculture and Commerce.
2. That it shall be the duty of all city and municipal mayors to distribute uncultivated public lands within their respective jurisdictions among the citizens thereof preferably to those who are unemployed in order to enable them to plant food crops therein for a period of one agricultural year.
3. That if for any reason the owner or the one in possession of any private land is unable to cultivate the same, it shall be the duty of the mayor of the city or municipality where such land is located to turn it over to the citizens of such city or municipality preferably to those who are unemployed for the same purposes and under the same conditions prescribed in the next preceding paragraph.
4. That it shall be the duty of every person or persons to whom public or private land has been turned over for cultivation to carry into effect the national food production campaign by planting thereon the crops contemplated in paragraph 1 of this Order: *Provided*, That they may not alter or damage any permanent improvements existing thereon: *And provided, further*, That *kaiñgin* may not be resorted to without permission from the Director of Forestry and Fishery or of his representative in the locality. When a portion of public lands is found more suited for agricultural than for forest purposes *kaiñgin* shall be allowed.
5. That crops obtained on public and private lands distributed in accordance with paragraphs 2 and 3 of this Order shall belong to the grower and no rent for the use of the land shall be collected: *Provided, however*, That a portion of the crops or so much thereof as may be necessary, not exceeding ten per centum, shall be set aside and the proceeds therefrom turned over to the Government as payment of the real estate tax corresponding to the year in which such crops are gathered or harvested.

6. That it shall be the duty of all provincial governors personally or through the agricultural supervisors, to inspect the activities of the mayors in this food production campaign. The governors and city mayors shall also submit a monthly report to the Commissioner of the Interior and the Commissioner of Agriculture and Commerce on the progress of the campaign in their respective provinces and cities.

7. That it shall be the duty of all provincial governors and city or municipal mayors who may receive seeds, seedlings, cuttings, shoots, or tubers from the Government in the furtherance of the national food production campaign to distribute such seeds, seedlings, cuttings, shoots, or tubers immediately to the farmers for planting, and it shall be unlawful for them to utilize the same for their own benefit, or to intentionally permit or give tacit consent to the diversion of the same for consumption purposes.

8. That any person who neglects or fails to perform any duty enjoined by this Order, or who performs any act which defeats or tends to defeat its purposes, or who otherwise violates any provision thereof, shall upon conviction be punished with imprisonment not exceeding six months, or by fine not exceeding two hundred pesos, or by both such fine and imprisonment, at the discretion of the court.

REQUIRING THAT ALL CONTRACTS FOR PUBLIC SERVICE OR THE SUPPLY OF ARTICLES,
MATERIALS OR EQUIPMENT NEEDED FOR PUBLIC USE BE MADE THRU PUBLIC BIDDING

Pursuant to the authority conferred upon me as Head of the Central Administrative Organization by Order No. 1 in connection with Order No. 3 of the Commander-in-Chief of the Imperial Jan Forces in the Philippines and to the provisions of existing law, and upon the recommendation of the Executive Commission, it is hereby ordered that—

1. In all cases where any bureau, office, branch subdivision, agency or instrumentality of the Central Administrative Organs and Judicial Courts including provinces, cities, municipalities and government-owned or controlled corporations have to enter into a contract or renew one actually in force in connection with any public service or the supply of articles, materials or equipment needed for public use, said contract shall not be executed or renewed without previous advertisement calling for bids in which case the award, if at all, should invariably be made in favor of the lowest responsible bidder. For very extraordinary reasons, however, such as on the occasion of an emergency involving the loss of, or damage to, life and/or property, this requirement may be waived, but only after the Commissioner of the Department concerned and the Auditor General and Director of the Budget have been consulted and the approval of the Chairman of the Executive Commission has been secured beforehand.
2. In calling for bids, special care should be taken that the advertisement herein required shall contain the nature, kind and full particulars concerning the public service desired, and the necessary specifications to the last possible detail as to the quantity, quality, workmanship, color, make, design, source, dimensions, strength, weight, etc. of the articles, materials or equipment desired, showing them by illustrations or samples for the information and guidance of prospective bidders.
3. The advertisement calling for bids should indicate the date and exact time when the bids received shall be opened and considered. Absolutely no bids shall be accepted after the time limit fixed in the advertisement shall have expired. The opening of such bids should be made in the presence of a representative of the Auditor General and Director of the Budget, who is hereby authorized to secure and identify such papers and samples of the articles, materials, or equipment submitted by the bidders, and in general supervise the proper conduct of the public bidding. This authority, however, shall not be understood as empowering him to make the award of the contract in favor of the successful bidder nor shall he at any time form a part of the committee on award.
4. The advertisement herein required should be given the greatest possible publicity by printing the same in the Official Gazette or in a local newspaper having a wide circulation for not less than six days or by posting it for a like period in at least four public places in the community where the contract shall be executed or enforced. In addition, copies of such advertisement should be mailed to parties likely to be interested therein in order to invite the necessary competition, and thus be able to obtain the most satisfactory bid.
5. The lowest responsible bidder shall be understood to be the party who, besides offering the lowest price among the bidders, is deemed sufficiently reliable, financially and otherwise, to meet his

obligations under the contract. All things being equal, the lowest bid should be preferred. Where there is any doubt as to whether the lowest bidder is responsible or not, or in case for any reason his bid is not favored, the matter should be submitted to the Chairman of the Executive Commission, thru the proper Department Head and the Auditor General and Director of the Budget, for final decision. Before making such reference, however, an opportunity should be given the bidder concerned to present his side of the case.

6. All existing laws, rules and regulations in conflict with this Executive Order are hereby revoked.
